

DC-CB V2

 Accessories
 DUCO

Duco Connectivity Board type **DC-CB V2**

The DC-CB V2 is an additional printed circuit board that makes the connection between the Duco fans and the Duco installation app, domotics and building management systems possible.

Application

- All DucoBox fans with exception of the DC-BOX RENO, and DC-BOX FOCUS before version 17xxxx
- Communication with the Duco Installation App, via P2P connection
- Connection with building management system ModBus TCP and REST API
- Connection with Wifi or Ethernet

Composition

- Printed circuit board in PP casing (L 76mm x W 77mm x H 25mm)
- Power supply provided by the DucoBox through the included connection wire
