

Condensate pumps up to 3,5 kW (with ducting kit) type **MICROBLUE DUCTING WHITE NEW (RAL 9003)**

Silent and elongated condensate pump with reservoir and ducting kit that includes a mounting duct of 80cm with a special bend for a safe and quick installation of the reservoir. The mounting duct provides sufficient space for the refrigeration tubes. The ducting kit has been designed for easy installation and is equipped with all necessary fittings.

Equipped with a fail safe alarm, a volt free relay designed to switch the AC unit off while leaving the pump running continuously when the condensation water reaches a critical point in the reservoir.

Thanks to the intelligent sensor technology, the pump automatically adjusts to the water level in the reservoir to operate as quietly and as efficiently as possible.

Brand

- BlueDiamond

Application

- Heat pumps with a capacity up to 3,5 kW

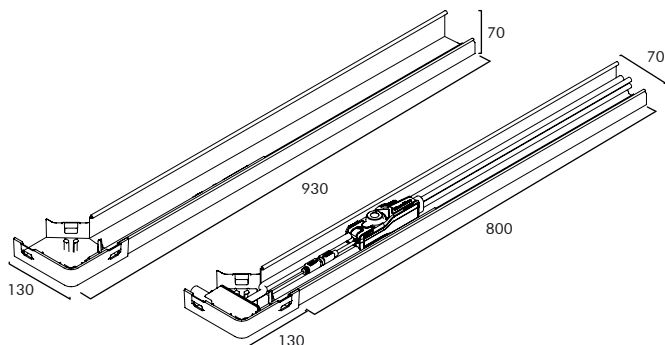

Specifications

- Max. flow rate: 5 l/h
- Max. delivery height: 5 m
- Max. suction height: 2 m
- Sound pressure at 1 m= 17 dB(A)
- Colour: white (RAL 9003)
- Fail Safe Alarm: volt free relay
- Patented rotary diaphragm pumping principle
- No maintenance

Mounting

- Complete installation kit for wall mounting

Dimensions

Dimensions

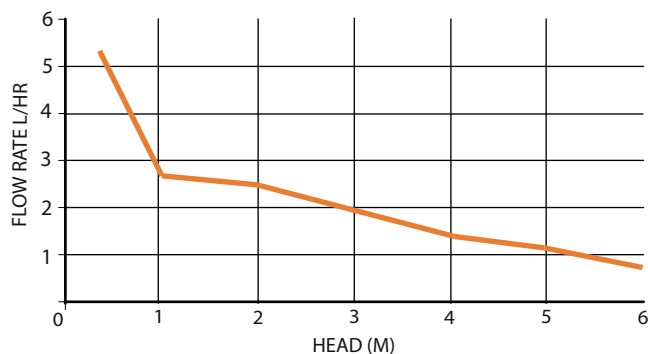

- Pump (L x W x D): 147 x 37 x 40 mm
- Bend (L x W x D): 130 x 130 x 70 mm
- Mounting duct (L x W x D): 800 x 70 x 70 mm

| Discharge pipe run | |
|--------------------|----------------|
| V (Vertical) | H (Horizontal) |
| 5 m | 0 m |
| 4 m | 3 m |
| 3 m | 6 m |
| 2 m | 9 m |
| 1 m | 12 m |

The MICROBLUE® can be mounted in any orientation up to 2m away from the airco unit.

Technical data

- Voltage: 240 V AC
- Current draw: 0,04 A
- Electric power: 2,6 W
