

3-way valves type VFX3

3-way valve for hot and cold water circuits

Application

- Regulation of hot and cold water batteries

Specifications

- Pressure rating: PN16
- Flow characteristic: Linear
- Max. leakage: 0% of the Kvs value
- Media: Hot water, cold water and glycol-mixed water (max. 40% glycol)
- Stroke: 2,5mm

Material

- Brass CW614N
